

ADOLESCENT CENTERED HEALTH CARE: THE MOUNT SINAI MODEL

with Angela Diaz, MD, PhD, MPH

■ Biography

Angela Diaz, MD, PhD, MPH is the Jean C. and James W. Crystal Professor, Department of Pediatrics and Department of Environmental Medicine and Public Health, at the Icahn School of Medicine at Mount Sinai. After earning her medical degree at Columbia University College of Physicians and Surgeons, she completed a Master in Public Health from Harvard University and a PhD in Epidemiology from Columbia University.

Dr. Diaz is the Director of the Mount Sinai Adolescent Health Center, a unique program that provides comprehensive, interdisciplinary, integrated, medical care, sexual and reproductive health, mental health, dental and optical services to young people. Under her leadership the Center has become one of the largest adolescent-specific health center in the U.S., serving more than 10,000 young people every year – for free. The Mount Sinai Adolescent Health Center is a major training site in the field of adolescent health and medicine, with research funded by NIH.

Dr. Diaz is active in public policy and advocacy in the U.S. and has conducted many international health projects in Asia, Central and South America, Europe and Africa. She is a frequent speaker at conferences throughout the country and around the world.
